Break

2:45 – 4:45

Coding and Billing of Collaborative Care with Virna Little

Team-based care coding and billing is evolving. Understand the relationship between accurate coding, strong documentation, quality of care, and data. Explore coding and billing for IBH, the Medicare Collaborative Care Model and Chronic Care Management services. Learn how to code "brief" patient visits, "warm handoffs" and the SBIRT process. Understand who can bill for team-based services, what team members can be involved, and what the time and documentation requirements are.

4:45 – 5:00

Wrap Up and Final Thoughts

PRESENTERS:

VIRNA LITTLE, PSYD, LCSW-R, MBA, CCM, SAP

recently joined The Center for Innovation In Mental Health (CIMH) at City University of New York (CUNY) School of Public Health as Associate Director for Clinical Innovation. She dedicated 22 years to the Institute for Family Health (IFH) as Senior Vice President, Psychosocial Services and Community Affairs.

LIZ WOLSFELT is the Pharmacy Director for Northwest Community Health Center in Libby, Montana. Liz works closely with medical, dental, and behavioral health providers at NWCHC, providing clinical pharmacy services in addition to overseeing the retail pharmacy. Liz received her Doctorate of Pharmacy from the University Of Montana Skaggs School Of Pharmacy in Missoula in 2015. She is a certified asthma educator, immunization certified, and provides comprehensive medication reviews. Originally from Northern Idaho, she enjoys spending her free time outdoors and traveling.
