A Collaborative Approach to Improving Outcomes

# MPCA

- The **Mission** of the Montana Primary Care Association is to promote integrated primary healthcare to achieve health and well-being for Montana's most vulnerable populations.
- The **Vision** of MPCA is health equity for all Montanans.
- MPCA values integrity, collaborations, and innovation.
- The Montana Primary Care Association is the support organization for Montana's 14 Community Health Centers and 4 of our Urban Indian Health Centers. MPCA centers serve over 117,500 patients across Montana.

# Zoom tips and tricks!

**CHAT:** Please jump in if you have something to share, but we also have this nifty chat function.

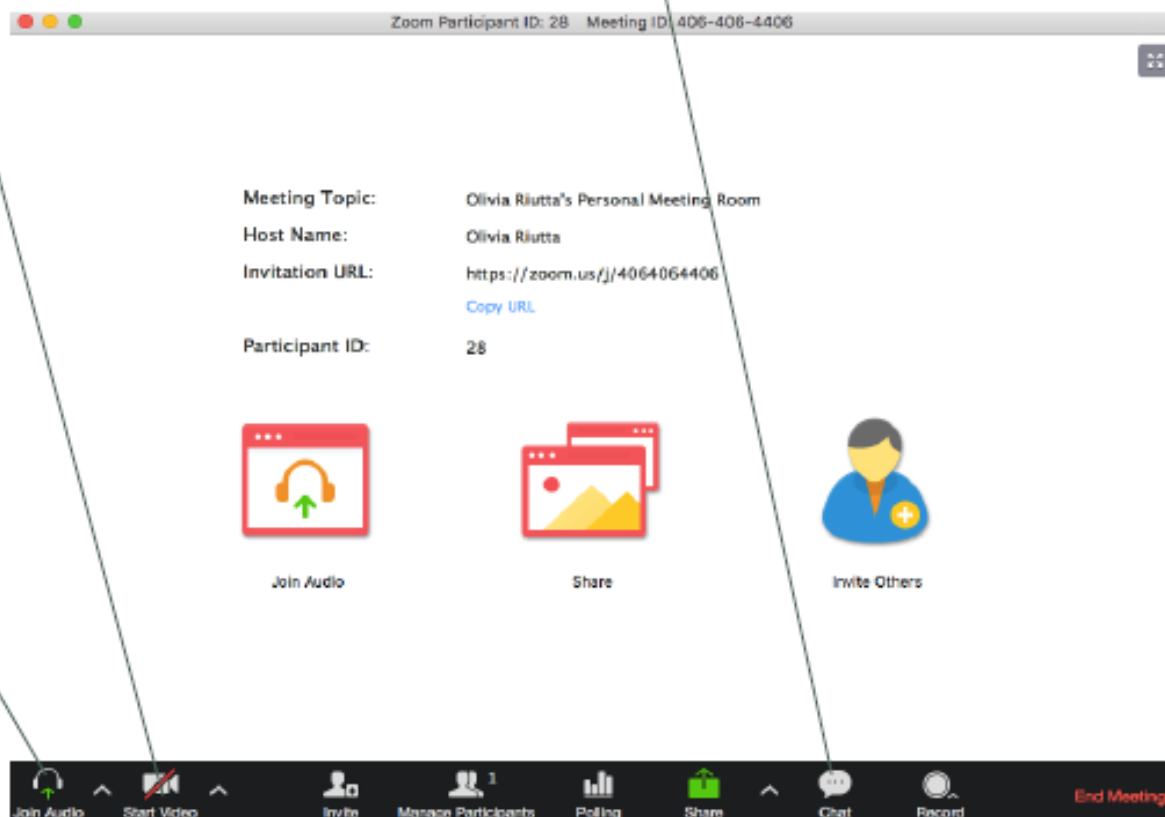

**VIDEO:** We want to see you!  
If your camera isn't on, start your video by clicking here.

**ATTENDANCE:** If there are multiple attendees together on the call, please list the names and your location in the chat box

**AUDIO:** You can use your computer speakers or your phone for audio. The phone is generally better quality. If you click "Join Audio," this "Choose one..." box will pop up. If you dial in, just make sure you include your audio code.

**MUTE/UNMUTE:** \*6 or click the mic on the bottom left of your screen.

# Agenda

- Housekeeping
  - Elevate
  - ADCES Membership
- UDS Destress
- 2019, 2020, 2021 Data Comparisons and Trends
- Azara DRVS 2021 UDS Preview

# Elevate 2022 Registration Open

Highlights for 2022 participants include:

- Upcoming Micro learnings and peer discussions on Empanelment, Risk Stratification, Social Risk, Care Teams, and more
- Opportunity for scholarships to the Institute for Healthcare Improvement's (IHI) Open School
- Free 6 month trial membership to RegLantern's online compliance tool and a FREE Form 5A evaluation
- And all this is FREE; there is no registration fee to participate, and health centers can access content and resources, as needed

A Collaborative Approach to Improving Outcomes

# Breakout- 8 Minutes

## Discussion Questions

- The statewide average of diabetes management improved in 2021 unlike the other two measures, is that true for your health center? And if so, why do you think that is?
- Is community access an issue? Are there currently challenges or delays with referrals to colonoscopies or other preventative services that your health service does not offer?
