

Toolkit

About the campaign: 1 in 10 Montanans have lost Medicaid or Healthy Montana Kids coverage since April 2023 and Cover Montana wants to make sure they don't stay uninsured. This toolkit serves as a guide for organizations, community leaders, and Cover Montana partners to get involved in the Get Covered Again campaign and make sure that Montana communities Get Covered Again.

Many who lost coverage still qualify and need to re-enroll in Medicaid or Healthy Montana Kids. Those who are over income eligibility for Medicaid or Healthy Montana Kids have access to a special enrollment period through November 30, 2024 to enroll in a Marketplace plan at Healthcare.gov.

Timeframe: The special enrollment period for those who lost Medicaid ends November 30, 2024. Folks who still qualify for Medicaid can re-enroll anytime.

How you can help: Screen, Enroll, Refer

Screen: Help identify those who have lost Medicaid and Healthy Montana Kids

Your patients/clients/community already know and trust you, we hope that you can use your existing relationships to help screen folks who have lost coverage.

Here are a few ways that you can help screen:

- Train your client/patient facing staff to ask, "Have you lost Medicaid or Healthy Montana Kids in the past year? If so, we can help get you connected to someone who can help you understand your health insurance coverage options."
 - TIP: Remind folks that the work of Cover Montana is always free, unbiased, and they can decide not to enroll if they can't afford the coverage.
- Share Get Covered Again resources with your patients/clients/community.
 - [Half Page Flier](#)
 - [Poster](#)
 - Social Media - Share information about coverage options on social media, see social media section below.
- Add screening information to a phone message at your organization, see below.

Enroll: Help your patients/clients re-apply for Medicaid

This is an all hands on deck moment to get our communities re-enrolled in health insurance coverage - and we need your help!

Here are ways to help ensure we can re-enroll everyone who lost coverage:

- Train your staff or volunteers to help with basic Medicaid applications.
You don't have to be certified to help someone fill out a Medicaid application and Cover Montana has free and understandable training available. The more we can re-enroll folks in the organizations and spaces they already know and trust, the more successful we'll be.
 - Cover Montana has a 1.5 hour webinar that covers everything you need to know about non-asset-based Medicaid programs like Medicaid expansion, Healthy Montana Kids, and Medicaid for folks who are pregnant. It reviews eligibility, the application process, and walks participants through using the apply.mt.gov website to help folks submit Medicaid and Healthy Montana Kids applications.
 - Learn more and [sign up](#) for a Medicaid application training hosted by Cover Montana.
- If you don't have the capacity to train a staff person or a volunteer, then we need your referrals - see below!

Refer: Connect those who have lost coverage with someone who can help them enroll in coverage through Medicaid, HMK, or the Marketplace.

We want to make sure that referrals are clear and effective so folks don't fall through the cracks.

Here are ways that you can help refer:

- If the person already has a relationship with an enrollment assister at a health center or hospital, refer them to that local person. You can find enrollment assisters, in addition to Cover Montana Navigators, on [Find Local Help](#) on the Cover Montana website.
- Refer your patient/client to Cover Montana. Here are a few ways to connect them:
 - Help them search on Find Local Help and sign them up for an enrollment appointment. This is the most efficient way so if you can, please help sign them up for an appointment. See below for details on how to sign up.
 - Have them call the Cover Montana Helpline: 844-682-6837. Our Helpline is open from 8am - 6pm MST. If they don't get through, leave a message and we'll usually get back to them within 24 hours.

- Give them their closest Cover Montana Navigator's contact info.

Free, confidential, local help.

Kalispell & Northwest (406) 471-7049	Browning & Central (406) 845-2376	Miles City & Eastern (406) 853-5753

Visit covermt.org or call (844) 682-6837.

How to Schedule an appointment with a Navigator

1. You can schedule an appointment with Cover Montana Navigators at Find Local Help – Cover Montana (covermt.org)

2. Enter your zip code, a distance that you are able to travel, and your language preference. You can select to view only virtual appointments (telephone or Zoom), in-person assistance, or all of the above. Click the “search for help” button.

This search will pull up all available schedules that match your search criteria. You can view available appointments for any of these schedules and can schedule a virtual appointment with any available Navigator, regardless of location.

3. To schedule with a Navigator, select the 'Schedule Online' button next to your preferred time.

4. Fill in your name, contact information, preferred meeting type, and uncheck the box to receive emails from Young Invincibles. An email address is not required to schedule, but a return phone number is. You will receive confirmation of the appointment from Get Covered Connector by email or text message.

Phone Outreach

Direct Outreach to Clients, Patients, or Community

Hello, my name is [Your Name] and I'm calling on behalf of [Organization Name] in [Town/City Name]. We're reaching out to residents in the neighborhood because over 1 in 10 Montanans have lost health coverage recently. We want to ensure that you or anyone you know who may have lost coverage has the resources and information needed to find assistance or get their questions answered to get covered again.

To better assist you, may I ask if you or someone you know has lost Medicaid or Healthy Montana kids recently?

Would you be willing to share this information with someone you know who might benefit from it?

Would you like us to schedule an appointment with a certified Navigator who can help you understand your health insurance coverage options?

Thank you for your time, and we appreciate your assistance in ensuring everyone in our community gets connected with coverage.

Sample Message to Clients, Patients, or Community

I hope this message finds you in good health. My name is [your name], and I'm a [title] with [organization] in [town], [insert brief description of your organization]. We are partnering with Cover Montana to help people who have recently lost Medicaid or Healthy Montana Kids transition to other coverage or reapply.

1 in 10 Montanans have lost health insurance, but it's not too late to get covered!

If you have lost Medicaid coverage because of income changes or missing a deadline to return reauthorization documents, you may still be able to apply for coverage through November, 2024. I am reaching out to make sure that you are aware of the special enrollment period and that Cover Montana is here to offer you assistance in finding affordable coverage.

Here's more information about your coverage options and how to find assistance:

Marketplace Plans

Most individuals who are no longer eligible for Medicaid can enroll in coverage through the Health Insurance Marketplace at [healthcare.gov](https://www.healthcare.gov). This allows you to apply for health insurance, explore various plans, and check if you qualify for tax credits to make coverage more affordable. You can also use this calculator tool to see what savings you may qualify for by visiting <https://www.healthcare.gov/see-plans>

Plans offered on Montana's Marketplace are provided by Blue Cross Blue Shield of Montana, Mountain Health COOP, and PacificSource Health Plans. Many Montana families qualify for tax credits making coverage more affordable.

Employer Coverage

Coverage through an employer is another option to consider. Many individuals are offered employer-sponsored coverage and will be transitioning to that when Medicaid coverage ends. Find a helpful resource about transitioning from Medicaid to an employer plan at this website: <https://www.healthreformbeyondthebasics.org/wp-content/uploads/2023/04/FAQ-Transitioning-Medicaid-to-ESI.pdf>.

Cover Montana

Navigators are trained experts in health coverage options in Montana and are here to assist you confidentially and free of charge. If you'd like to explore your options, you can schedule an appointment online at covermt.org/find-local-help or call (844) 682-6837.

Organizational Announcements

Sample Email Announcement

Dear [Organization/team/all staff],

I am writing to inform you about an important update regarding health care coverage that impacts the people who we work with.

As you may be aware, more than 1 in 10 Montanans have lost Medicaid coverage since April of 2023. Many of those folks may still qualify for Medicaid and need to re-enroll. For folks who are over income eligibility for Medicaid, they may qualify for a health insurance plan through Healthcare.gov. It is not too late for those who lost Medicaid to get covered again.

There is an extended special enrollment period through November 2024 for individuals who need to re-enroll in Medicaid or transition to marketplace coverage. This extended period is outside of the norm and provides a crucial opportunity for those affected to ensure they have access to the health care coverage they need.

It's essential for all of us to be aware of this extended enrollment period and to communicate this information not only to our patients, clients, and constituents but also to people in our personal lives. Many individuals may not even realize they've lost Medicaid coverage until they attempt to pick up a prescription or schedule an appointment. By being informed, we can help screen, refer, and enroll individuals to ensure everyone gets the coverage they need.

Please find below important links to resources and tools that can assist in this process:

[Get Covered Again Campaign](#) - [Cover Montana](#) - [Schedule an appointment with a Navigator](#)

I urge each of you to familiarize yourselves with this information and to share it widely within your networks. By working together to spread awareness, we can make a meaningful difference in ensuring that everyone has access to essential health care coverage.

Thank you for your attention to this matter, and please don't hesitate to reach out if you have

any questions or need further assistance.

Additional Support

Monthly Webinars
